

Swisspearl Zenor

Simple elegance

Zenor is a façade panel for building envelopes with an emphasis on uncompromising functionality using simple means. The select range allows a cost-effective implementation from manufacturing to assembly. Including all the quality benefits of the tried and tested Swisspearl fiber cement panels, Zenor provides all-around protection for façades with a simple elegance.

To request samples of Swisspearl Zenor please contact Cladding Corp at **(888) 826-8453** or info@claddingcorp.com
