

SWISSPEARL® FIBER CEMENT RAINSCREEN

# Roche Diagnostics - Fishers, IN

*A unique residential and business magnet.*

Cannon Design have created yet another gem! The Roche Diagnostics campus located in Fishers, Indiana is predominately white ACM panels with Swisspearl's black panels to address lower high traffic areas.

The base of the building and the loading dock area, allowed this simple but wise selection of Swisspearl® fiber cement panels to do its job, while still complimenting the white ACM panels.

Panel Types: Swisspearl®

Architect: Cannon Design
