SWISSPEARL

202 Washington Gateway -Washington, D.C.

SwisspearlPanels Power a NoMaLandmark at DC's Sharpest Corner

Located at the prominent site at the northern tip of NoMain Washington DC, this project is set to become a landmark in the area. The triangular site, formed by the intersection of New York and Florida Avenues, showcases three buildings that complete the block perimeter and form a motor court within. Cladding Corp is providing Swisspearlpanels for this project, ensuring high-quality and visually stunning exterior cladding. Swisspearl panels are known for their durability, versatility, and aesthetic appeal, making them the perfect choice for this innovative development.

Panel Type: Swisspearl®
System: Cladding Corp Subframing System
Architect: SK+I Architecture
