

TERRA COTTA SUNSCREEN

John Deere Headquarters – Waterloo, IA

An intelligent design sunscreen aimed to divert & shield sunlight

[OPN Architects](#) incorporated a [Terra5 Baguette](#) sunscreen for John Deere's Corporate Headquarters in Waterloo, IA. The unique, energy-efficient design allows terracotta baguettes to float outside of the windows and created an elegant design detail while serving to shield the building from sunlight.

Panel Type: [Terra5](#) Baguettes

System: Sunscreen

Architect: OPN Architects
