

KIPP School -Bronx, NY

Swisspearl Shingle-Sized Panels elevate KIPP NYC's Largest New School

Cladding Corp proudly contributed SwisspearlPanels to KIPP NYC's largest shingle-sized panel format project in the USA. Located at 1504 MacombsRoad, Bronx, this new 6-story, 100,000 GSF school replaces two old brick buildings. The durable and stylish shingle-sized format SwisspearlPanels enhance the exterior while providing lasting weather resistance. The state-of-the-art facility offers ample space for innovative learning, showcasing our commitment to quality, sustainable cladding solutions.

Panel Type: Swisspearl®
System: Cladding Corp Subframing System
